YETI is a new not-for-profit organization which plans to build an orphanage in Nepal as one of its first projects, but will also use a portion of donated funds to help underprivileged youth in Central Indiana. A minimum of 10-15% of funds raised will be used to help underprivileged youth in Indiana. YETI is governed by a nine-member board of directors. Board members receive no monetary compensation for their service. More information about YETI can be obtained by visiting our website at www.ibccn.org/yeti or by contacting any board member.
